

About PA1 and late days

CSEE 4119: Computer Networks
2015, Wednesday March 4th

Programming Assignment 1

- * Next week is PA1 due and midterm
 - How do you feel about it?

- How can we be (a) fair, and (b) helpful?

Introducing the PA1 late days

- * If you submit by Wednesday 11th
 - You get full grades, and consume no late days
- * If you submit by Thur. 12th, Fr.13th, or Sat. 14th
 - You can use your late days (if you have some)
- * Otherwise, as long as you submit by Wed. 18th
 - You have -5% of this assignment
 - This is the latest submission (1 week, as usual)
- * So it's like having a very long late day
