About PA1 and late days

CSEE 4119: Computer Networks
2015, Wednesday March 4th
Next week is PA1 due and midterm

- How do you feel about it?

- How can we be (a) fair, and (b) helpful?
Introducing the PA1 late days

* If you submit by Wednesday 11th
  o You get full grades, and consume no late days
* If you submit by Thur. 12th, Fr. 13th, or Sat. 14th
  o You can use your late days (if you have some)
* Otherwise, as long as you submit by Wed. 18th
  o You have -5% of this assignment
  o This is the latest submission (1 week, as usual)
* So it’s like having a very long late day
